

**"All Dutch Dance performances
will take place rain or shine."**

**Tulip Time reserves the right to cancel any
performance due to threatening weather.**

Tulip Time Policy - Dutch Dancer "rain gear"

1. We recommend purchasing an inexpensive rain poncho so you will have it available in the case of heavy rain. This is both for your comfort and to protect your costume.
2. **Only clear ponchos** are acceptable.
3. Dancing without a rain poncho is always the goal and most desirable.
4. Costume directors will collectively make the decision, on site, regarding whether or not weather conditions warrant wearing the poncho during dancing.
5. Wearing the clear rain poncho around town, on a rainy day, is the decision of the individual dancer.
